Ayurveda

UNIVERSALLY TRUSTED ACROSS INDUSTRIES FOR

GUARANTEED DISINFECTION & STERILIZATION

AREAS OF APPLICATIONS

- Injectable's
- Formulations
- Production areas
- Packaging & Filling Areas
- Research & Life Science
- Tissue culture units
- Microbiological
- Labs QC & QA Labs
- Storage tank / CIP

Sanosil Biotech is the first company in India to pioneer the novel concept of eco-friendly fumigation for sterile rooms, production areas and operation theatres.

Our product Virosil Pharma is a complex combination of H₂O₂ and Silver Ions. It neutralizes all forms of bacteria and viruses by attacking their cell membranes and their DNA/RNA structures.

Virosil Pharma effectively disinfects all critical surfaces. our recommended ULV fogger gives a very fine mist which allows the formulation to be suspended in the atmosphere for a longer period of time guaranteeing 100% kill on all air-borne bacteria and fungus.

Our Eco-friendly disinfectant is being used by leading USFDA approved Pharma Companies in India and has been thoroughly tested by German Society for Hygiene & Microbiology, Food & Drug Administration (MS), Public Health Department of Switzerland and by various Healthcare Departments of Western Europe, Australia & the Middle East.

Effective on all types of viruses, bacteria, fungi, molds, spores and algae, including Corona virus. Requires no rinsing
